From vision to victory: Conference to show transformation is in the moment

CHICAGO – Change is inevitable, transformation is optional. In this current landscape of political, professional, financial, social and economic instability, one thing remains clear: times are shifting.

In response to this shift, Destiny Speakers Bureau will host its first *Seize the Moment... Transform your Life Conference* on Saturday, October 3, 2009, from 10 a.m. to 5 p.m. at the Willis Tower Conference Center. Aimed at providing guests with an alternative approach and perspective to transition, the conference will feature six renowned speakers who will share insight on what it takes to live one's best life now. With over 25 years combined experience on holistic health, servant leadership, money mindset, reconnecting to one's intended purpose and calling, and building your dream team, the conference will provide attendees with a roadmap that will assist them in seizing the moment while creating a plan that will take them from vision to victory.

"This is not just another motivational, inspirational or empowerment event," said Shirley Hogsett, Destiny Speakers Bureau founder and coordinator of *Seize the Moment... Transform Your Life Conference*. "Every detail of this day has been designed to help the audience see and seize opportunities to bring transformation in every aspect of their lives."

Speakers include author and multi-media personality *Edward Foxworth*, eWomenNetwork Managing Director *Marie Hale*, financial expert *Gil Michel*, holistic health counselor and Minister *Audrey Saunders*, author and transformation teacher *Chet Sisk* and personal/professional development coach *Cathy Holloway Hill*. In addition to the presentations, a one-hour panel discussion – facilitated by branding Coach Dawn Yerger – and a Q&A will round out the event. The speakers will sign books immediately following the Q&A session.

"It is so important for us to take stock of our lives, health, finances, businesses and careers," Hogsett said. "By doing so, we get a clearer picture of where we are now, where we want to be and can design a plan on how to get there."

Opening speaker, Edward Foxworth III, agrees and says the conference will help move attendees in a direction that brings them closer to their purpose and destiny.

“Each of us is merely one *quality* decision away from realizing our breakthrough,”
Foxworth said. “It’s time to seize the moment...your breakthrough is now.”
